

ROLE PLAYER INSTRUCTIONS

Suspicious Person

You are mentally unstable!! You will be sitting with a hidden training knife (fake/rubber) when the deputies arrive. Once they exit the vehicle and start to approach you, pull out the knife and become verbal and aggressive. SLOWLY start walking towards the deputies and become more and more verbal and aggressive as you get closer. This is a shoot scenario!!!! Do not get close enough to the deputies for them to go hands on.

Go to the ground once you are shot. Stay there until the scenario is ended. At the end of the scenario, reset for the next scenario.
